

Dear teacher,

Epilepsy Action provides free online training to help you support pupils with epilepsy

Our online courses give you all the information you need to support pupils with epilepsy and meet the statutory requirements.

There are two free courses available:

Epilepsy awareness for schools – for all school staff

- Basic epilepsy awareness
- What to do if a pupil has a seizure
- Films showing different seizure types

Epilepsy for teachers – for teachers and SENCOs

- Epilepsy in schools
- Seizures and medication
- Learning, behaviour and emotional wellbeing
- Safety and school activities
- Individual health plan template

All the courses are designed in line with the most recent statutory guidance, with input from epilepsy specialists.

Get all the facts you need to: meet legal requirements, keep pupils safe, and ensure children and young people with epilepsy achieve their potential.

Register for free and start learning: epilepsy.org.uk/schools
